Join us for inspiring demonstrations, lectures, encouragement and practice. You'll learn how to coax hints of reality from an abstract background, how to integrate collage imagery, how to control values and colors for emotional emphasis, and how to suggest rather than delineate. You'll explore working intuitively, responding to what shows up, working in a series, mixing and utilizing neutrals for softer, more ethereal abstracts. There will be plenty of time for "playing" and creating along with individual attention and guidance.

Joan is especially gifted in helping students gain more freedom in the creative process and discover their own unique artistic voice. She believes that people are more open to learning and inspiration when they are having fun, so her workshops are filled with laughter and lightness. A multitude of approaches and techniques will give beginners encouragement and confidence, while more advanced students will benefit from Joan's insightful solutions to their artistic challenges.

Please note: Places in Joan Fullerton's courses sell out very quickly so early booking is advised. A material list will be provided.
